# CLOSE VOTE AT COLUMBIA

SENATORS GO ON RECORD AFTER LONG DE BATE ON ANTI-RACING MEASURE,

Vote Is 16 to 15 Against Motion Made by Author of Proposed Legislation to Table Amendment-May Be No Legislation at All.

Charleston, S. C., February 10.—By a vote of 16 to 15, Senator Carlisle lost his motion last night to table Senator Sinkler's amendment to his racing bill, before further debate on the bill was postponed until Monday night's session. The roll call vote came after much debate by both factions and centered mainly on the injunction clause. The racing interests naturally claim a victory and are confident that they will stave off any legislation that would be detrimental to the track this season. According to those familiar with legislative proceedings, it is thought unlikely that the bill can now be passed in the Senate before next Tuesday at the earliest. It will then have to go to the lower house and action there can not be had until twenty-four hours after its arrival. That would mean that the bill will not be finally voted upon until Friday. It then would go to the engrossing clerk and may reach the governor next Saturday, the day the legislature adjourns. The governor has three days in which he can veto the measure if he chooses to do so.

### JUAREZ LAYERS HAVE BUSY DAY

Speculation of Greater Volume at Mexican Track Than Heretofore-J. E. Dwyer Hits Ring.

El Paso, Tex., February 10 .- With ideal racing

El Paso, Tex., February 10.—With ideal racing weather, an extra large Saturday crowd was in attendance at the Juarez course today. The card was only an ordinary one, all the races being of the selling variety, and at sprinting distances. Activity in the betting ring has shown decided improvement since racing was resumed early in the week. The layers had an exceedingly busy day, some of them yandling more money than at any previous time ring the present meeting.

J. E. Dwyfer won the first two races and the ring was hit hard, as the stable connections cleaned up handsonely. In fact, they are credited with winning the largest amount of money that has been raken to the first two races and the ring in some time.

The racing today was quite exciting. Fancuil Hall suffered defeat by an overconfident ride upon the part of jockey J. Henry. His mount appeared to be running quite freely and an eighth from the finish he slackened a bit. Then Judge Walton came out of the bunch with a cylonic burst of speed and heat him to the finish.

Silver Stocking, a recent arrival from Butte, Mont., wor the fifth race with consummate ease. She ran fairly close up to the pace until well straightened away for home, then dashed past the leaders. C. H. Putten, favorite of the race, pulled up a decidedly lame herse. He showed scant speed during the race. Keen interest has been taken in the two-year-old races here and Manager Winn has decided to put a race of that sort on the card each day in the future. There will be racing at Juarez Monday and for the three succeeding Mondays thereafter, to make up for the time lost last week.

EARLY FOALS IN CANADA.

Great Development in Breeding of Thoroughbreds Reported in Eastern Provinces.

Toronto, Ont., February 10.—Only a few years ago a May foal in Quebec Province was considered early enough, but just now there is a controversy in the Montreal papers between rival claimants as to the honor of having the first thoroughbred foal of the season in Canada. It seems that there is already at Montreal a filly by Masterman—Lady Leota, by Voter, and one by Masterman—Lady Irish, both of which came in January, the former on the 20th and Lady Irish's youngster not till six days later. As a matter of fact both are later than the Red Fox—Grandma II. colt, foaled at Messrs, Dyment's Barrie Farm in Ontario on January 15, which is the first reported in Canada this season.

ary 15, which is the first reported in Canada this season.

The striking thing is that the Province of Quebec should be at all concerned in the question, but breeding is making great progress in eastern Canada. Without attracting particular public notice as much has been accomplished in the last three years as in the previous thirty. And, in has three years as in the previous thirty. And, in he meantime, western Ontario has been practically at a standstill. Some fine morning it will be made startingly clear that the King's Plate winners will have to be looked for east of Toronto, from which territory not one has come in half a century. Certainly, western Ontario breeders must extend or improve their operations if they are to hold their own against the rising tide of development in the eastern part of the province. On this side of the Ottawa river there are growing up establishments whose produce is eligible for all Ontario-bred eyents, and of which no heed has yet been taken in the part of the province which has hitherto held a monopoly of this field. The racing associations are committed to a policy of increasing stake and purse values. Good prizes and sustained improvement in breeding go hand in hand, and the general interest will be well served by this steady eacouragement along the line of more money from the clubs, which obtain it from the public.

At Lancaster, Ont., C. L. Hervey has fourteen thoroughberd yearlings, and two-year-olds.

served by this steady encouragement along the line of more money from the clubs, which obtain it from the public.

At Lancaster, Ont., C. L. Hervey has fourteen thoroughbred yearlings and two-year-olds. All of the yearlings are eligible for the King's Plate, and are the progeny of Earl Rogers (a son of Sain), and Rosemount. W. H. Williams has two nice mares at Pembroke in foal to Angler, the Hindoo borse owned by the Canadian National Bureau of Breeding. Angler, a winner at the late Ottawa Winter Fair, is the only Hindoo stallion in Canada, and one of the few surwing representatives of this valuable line of Herod blood, now eagerly sought in England.

At Renfrew M. J. O'Brien, the mining millionaire, has a choice lot of mares and foals. Most of the mares are English and are mated with the bureau stallion Rosemount, winner of the first prize at the last Toronto Exhibition in a class of fifteen. Mr. O'Brien is a successful man, and undoubtedly will cut an important figure in racing in a year or twe. Hon. Clifford Sifton will have a bureau stallion at his place on the St. Lawrence, near Brockville, and the establishment of Connaught Park at Ottawa will evidently come just in time for the needs of the Ottawa Valley neighborhood.

Manager John F. Ryan of the breeding bureau, writes that the early foalings go to show that the Canadian climate is all right, providing the mare and the foal are properly cared for. The best two-year-olds around Montreal were foaled in January and February and they are big and strong, as will be noticed when the field goes to the post in the Nursery this year. There are eighteen of them, of which thirteen are by bureau stallions or imported in utero by the bureau. "We have also record of twenty-seven yearlings." he adds, "and besides these there are five by Mr. Clyde's stallion Dublin, now dead, and two by Mesmerist. The others are by bureau stallions or imported in utero by the bureau.

There are thoroughbred yearlings and two-year-olds by bureau stallions at such places in Quebec as:

The Maritime Provinces also show up well in this respect. The government brought in seventeen thoroughbred broodmares and private individuals own about fifteen more.

respect. The government brought in seventeen thoroughbred broodmares and private individuals own about tifteen more.

Stringency is stationed near Lindsay, and Manitonlin Island is also engaging the attention of the bureau; but still more integesting is Mr. Ryan's story of the country to the west:

"The west is especially keen on thoroughbreds, and mares have been taken from ontario to Manitoba. Saskatchewan and Alberta; and have also been imported from the United States. It would surprise you to see the names of old-time race mares cropping up in our records from such far-away places as Prince Albert, Battleford and Edmonton, and the Peace River. We have records of mares bred at Valley Farm, which are now 195 miles northwest of Edmonton; and we have other thoroughbreds which had to be shipped 200 miles along the Peace River to get where they are stationed now. The large percentage of the ex-army men, and Englishmen generally, in these far-away ranching countries, is. I think, responsible for the introduction of these mares. British Columbia seems to be a good horse-breeding country, north and south. The Okamagan Valley is destined to be a great horse-breeding country and from there to the far north colts seem to thrive. Our morthernmost horse is at Stanger. When he got to the end of the railway the Mounted Police took him in charge, and passed him from post to post. We have a letter from the man who has him (R. Halliday), saying that everyone in the bureau should be canonized when they die.

"As you know, the bureau does not aim to breed thoroughbreds, and for every thoroughbred blood is valuable to a nation (and this all progressive nations have proved), then the bureau stallbons should be mated with any thoroughbred were the stand, however, that if the thoroughbred blood is valuable to a nation (and this all progressive nations have proved), then the bureau stallbons should be mated with any thoroughbred were ding; provided it does not interfere with their season for cold-blooded mares. Do not think it in an

## JOHN NIXON TO TRAIN DYMENT HORSES.

Toronto, Ont.. February 10.—Trainer Jehn Nixon has been engaged to take charge of the Dyment horses. He takes up his duties at once and has some useful material to work on, including the two formidable candidates for the King's Plate. These are the three-year-olds. Heresy and Tropacolium, sons of Sain and Nasturtium. Their work last fall was so satisfactory that John Dyment had great confidence that the guineas would go to Barrie once more. Trainer Nixon has been uniformly successful fix many years, though often having only horses of noderate quality to work with. For the Valley Farm stable he twice won the Plate with Shimonese and Parmer.

TWENTY-FIVE BREEDERS SIGN PETITION.

Request for More Two-Year-Old Races Forwarded from Blue Grass Region.

Lexington, Ky., February 10.—Watterson Snowalter's petitions to the Juarez and Charleston track managers for an increase in the number of races for two-year-olds at the winter meetings were for warded from here today. The signers numbered about twenty-five, and they, for the most part, were breeders who are apparently desperate enough to endorse anything that may have a tendency to increase the value of the young thoroughbreds they have on hand at the present time. In the better days of racing, it would have been next to impossible to secure half a dozen signatures in all Kentucky to such a document. It would have been accounted disgraceful. It is to be hoped that turfmen in England, France. Germany, Austria, Belgium, Russia, Australia and South America, where it is well into the summer before any two-year-olds appear at the starting post, will understand that the Showalter petition does not represent the normal sentiment of the turf in this country. There has been some talk that the Showalter petition was inspired by a trainer now at Juarez who has nearly all two-year-olds in his string.

John A Headley of this city, who is in Australia

at Juarez who has nearly all two-year-olds in his string.

John A, Headley, of this city, who is in Australia under a contract for three years as trainer for the Allendale Stock Farm, located at Mentone, near Melbourne, writes to a friend here of the trip down in November with the horses of Andrew Robertson and Dr. Maurice Leach, as follows: "We arrived here safe and sound after thirty-four days at sea. We had a fine trip and the time passed quickly. The horses shipped in grand shape and look fine. The stallions Mazagan, Planudes and The Scribe look 50 per cent, better than the day they went aboard the boat at San Francisco. I will start breaking the young ones tomorrow (December 24), and then turn them out for about eight weeks. Mr. Robertson was sick on the boat during the last ten days of the trip and he is only just now out of his bed. Dr. Leach, however, is in excellent health. The people are quite taken with a black yearling filly that he owns. It is the half sister to Passenger, by St. Avonicus—Graii. I think he will get a big price for her if he decides that he will sell. I heard a man, who I am told is one of the heaviest bettors here, tell him that he could send the filly to his place at his own price.

"I never saw so many horses in one place in my life as in the yeignity of Melbourne. It seems as if

who I am told is one of the heaviest bettory, here, tell him that he could send the filly to his place at his own price.

"I never saw so many horses in one place in my life as in the vicinity of Melbourne. It seems as if everybody here who is counted as anybody has at least one horse. The people are good sports and will bet their money on a good race, and they have plenty of good races. I do not know just how many race tracks there are in the neighborhood of Melbourne, but the landscape is dotted with them. There are three tracks, all big, fine ones, within two miles of this farm. Saturday is the big racing day here. Every owner, it seems, wants to start something on that day and fields of twenty horses are quite common. I have already seen as many as thirty-four running in a race.

"The city of Melbourne is a fine, up-to-date place with plenty of parks and sea beaches. It is midsummer here and the people are in the open by the thousands every day and evening. I like the place immensely.

"According to the papers here, Irving H. Wheatcroft's shipment of thoroughbreds from Lexington arrived in Sydney with the loss of nine head. I am told that he was unfortunate in having a poorly ventilated boat and that the horses were quartered between decks where it was exceedingly hot. The Wheatcroft horses are to be sold at Sydney, March 15, and I hear that he intends to quit the turf entirely."

The weather in central Kentucky has been extraordinarily cold the past week, but there are no reports of suffering or loss of foals on the breeding farms. Training operations at the Kentucky Association track, where 156 horses are quartered, are going forward quite satisfactorily. The racers are being galloped daily through the snow and they are all apparently doing famously.

"I haven't a sick or aiting horse in my string of sixteen," said Thomas C. McDowell yesterday morning. "and I have not heard of a sick one at the track. The Manager has wintered excellently and is in grand shape. He has broadened considerably and is in grand

longing to John H. Morris, the master of Belle Air Farm.

The first foal of the season at Thomas Piatt's farm is 'a chestnut colt by Marathon—Lanette, the dam of Imprudent. The youngsfer arrived last Tuesday and is the property of J. B. Respess, of Cincinnati, whose stallions Dick Welles and Marathon and a band of twenty-five broodmares are quartered at the farms of Messrs. Carr and Piatt.

Carl Goldwein, a Berlin turfman, accompanied by Emil Jacobson, a New York interpreter, arrived here last night. He wants to buy a couple of carloads of thoroughbred horses for export. He stipulates that they must have won at least one race, or have been as good as second, and he wants nothing under four years old or over six years old.

Ben Brush is not to be at Hartland Stud this season, James R. Keene having cancelled his lease to Johnson N. Canden. The latter, however, is to have five seasons to the son of Bramble.

Minteake has a bay filly by Peter Pan at Castle-ton.

Aurine (dam of Billie Hibbs) and Sister Anna (dam of Pugglins): Miss Canale (dam of Republican), has been pur-chased from John E. Madden by G. D. Wilson.

## MUTUELS FOR FORT ERIE AND WINDSOR.

Report That Two More Canadian Tracks Will Follow Woodbine's Example,

Charleston, S. C., February 10.—Recent advices from Canada from authortitative sources, are to the effect that the bookmakers will be further displaced by the "iron men" as the mutuel machines have been facetiously styled. Not all of the tracks will adopt the mechanical form of betting, but it is said that the Windsor and Fort Erie managements have decided to follow Woodbine's lead in installing the mutuel machines. Connaught Park at Ottawa, now in course of construction, it is said, will also have the mutuel system, leaving only Hamilton and Montreal as points where the old style of bookmaking will flourish. These tracks, it is thought, will also be converted to the new idea before the time comes for their second meetings this season.

It is said on excellent authority that London, Ont., is to be a racing point in the pear future. If the rumor is to be credited, a mile track is in contemplation there and its promoters will ask membership in the Canadian Racing Associations.

## OUTLOOK IS EXTRA GOOD

CONDITIONS EXCEEDINGLY PROMISING FOR SUCCESS OF PALMETTO PARK MEETING.

Past Week Has Brought Vast Improvement in All Departments of the Sport-Disagreeable Weather Affects Yesterday's Attendance.

Charleston, S. C., February 10.—The all-around improvement in racing conditions at Palmetto Park during the past week was a source of wonder to the many followers of the sport here. It was not thought likely that the betterment, if it did come, would make itself feit until well along towards the end of this month. The boom began on Saturday last, when a surprisingly large attendance was at the track, and this, too, in spite of cold weather for this section of the country. Since then the attendance has steadily increased and marked activity has prevalled in the betting ring. Additional arrivals are bound to keep conditions improving and it begins to look as if greater success would be scored here than at Jacksonville. Local interest in the sport is constantly increasing and as long as the racing is of high character, the better element of Charleston's citizens will continue their patronage.

Aside from the H. G. Bedwell stable, none of the large establishments that were expected to cut a wide swath have figured much in the results. This is particularly true of the R. F. Carman string. The horses racing in the white and blue do not seem to be at their best, although reports from Alken, where they wintered, were roseate. Several of the horses have been backed for 'good things' and raced disappointingly. That there will be a break in the Carman luck before long is regarded as certain, for many of the horses in the string are of high class.

W. G. Yanke joined the ranks of the layers soon after his arrival here from Juarez, and has since been showing the way to the others. He has been disinclined to talk on what caused his hasty resolve to quit Juarez. Mexico City, according to Mr., Yanke, could be made possible as a racing point, but the citizens there will first have to be educated to the sport.

to quit Juarez. Mexico City, according to Mr. Yanke, could be made possible as a racing point, but the citizens there will first have to be educated to the sport.

Of those two-year-olds that have been seen in action here up to date nothing startling can be expected, unless they improve wonderfully. On the whole, they seemingly are of average class and hardly likely, to be serious factors in competition with the better youngsters that are still under cover. Of those that have been seen under colors, Southern Shore, Ethelburg H., Spirella, Vanderen, High Star, Billy Holder, and Nash Cash are regarded as the most promising.

The horses of L. P. Doerhoefer, a popular young Louisville owner, are still in bad form and have proven a huge disappointment to their many followers. The stars of the stable have not been seen in action up to the present, as trainer West has not had the opportunity to bring them to racing condition. They are gradually rounding into form and it would not be surprising if they figured prominently before long. Mr. Doerhoefer paid fancy prices at the Lexington fall sales for some of the yearlings offered, and according to report some of the juveniles have shown fast trials and are expected to make good when they get racing wise.

Weather conditions could hardly have been more disagreeable than those which prevailed here this afternoon, and only the regulars braved the elements to be in attendance at Palmetto Park. A slump lipatronage was inevitable under the circumstances, but at that a respectable sized gathering was on hand. Under normal conditions a banner crowd would probably have been out, for the card was the most pretentious yet offered and was made up of seven races, of which the Charleston Hotel Handicap, at one mile, with the best horses at the course as starters, served as the feature. It resulted in a rattling contest, with the favorite and top weight, High Private, finishing first less than a length bafore Meridian, the second choice. High Private's showing was exceptionally good, a

Koenner's hard urging, steadily wore down last year's Kentucky Derby winner.

All the contests were interesting and the small fields afforded opportunity for confident speculation. Favorites fared fairly well, five of them accounting for purses. The chief disappointment during the afternoon was Donau, which succumbed to Star O'Ryan, after he had led the winner to the last sixteenth. Roebuck was the longest priced winner during the day and found extensive support among the smart set.

Cedar Brook graduated from the maiden ranks when he easily led to the finish eight other juveniles in the opening dash. Efficiency, held at a short price, had to be hard ridden to head Hearthstone, a brother to Highball, that was at long odds. Lewis won another purse for the Catesby Woodford establishment and Union Jack proved best of the ordinary ones that furnished the contest in the fifth.

J. M. Van Orden, of Newark, N. J., was a visitor at Palmetto Park this afternoon. Mr. Van Orden races under the nom de course of Mr. Earle and his horses are trained by Con Leighton.

Jockey E. Martin today signed a contract giving first call on his services during the Palmetto Park meeting to W. F. Schulte.

The management here has reduced some of the purses. The amounts added to the races for the poorer grade of horses will in future be \$2500 and \$350. There will be two purses of \$400 and one of \$500 daily.

### CAIMAN DIES IN AUSTRALIA.

We learn from an Australian exchange that Caiman recently dropped dead in his yard at the Dartmouth Stud in New South Wales. Foaled in 1896, he was an American-bred horse, and was imported to Victoria by the late William McCulloch, and after serving a few seasons at Woodlands, was sold shortly after the death of Mr. McCulloch to B. Allen for 600 guineas. He was by Locohatchee (son of Onondaga), from Happy Day, by Coeruleus, from Rosherville, by Cremorne, from Vertunna, by Stockwelh from Garland, by Langar, from Cast Steel, by Whisker. He came from the same family as Gallinule, Upas, Sir Foote and other successful sires, but although a good performer in England, he could hardly be termed a stud success. When here he was the property of the late Lord William Beresford, and as a two-year-old won three races, including the Clearwell Stakes and the Middle Park Plate. In the Latter race he beat Flying Fox, with which he started equal favorite. As a three-year-old, however, the "Fox" conclusively proved himself his superior, for he easily disposed of him in the Two Thousand Guineas and the St. Leger. Between those two events, however. Caiman won all the half-dozen events in which he took part, and among them were the Payne Stakes at Newmarket and Imperial Stakes at Lingfield. He was not so good in his third season, and only won once in a half-dozen essays, that being in the Lingfield Park Stakes, in which race he made the mile time record—1:33½. On the death of Lord W. Beresford Caiman was sent up for sale at Newmarket with the rest of the stud, and knocked down to R. Marsh (acting for Lord Wolverton) for 2,500 guineas. He proved a bad bargain, for he scored but once again, though he was out eight times as a live-year-old. He was well backed on several occasions, and got within a neck of Santoi for the Kempton Park 'Jubilee' and ran second for the Grosvenor Cup at Leicester. He carried Lord Wolverton's colors the following year, but only won him a 100 sovereigns plate at Haydock Park, and thereupon found another owner Cincinnati, O., February 10.—Six stakes have been opened for the spring meeting of the Latonia Jockey Club. Entries to the same will close March 2. The Stakes are all of the added money variety with the Latonia Derby, \$2.500, added as the head liner. The Cincinnati Trophy, for two-year-olds, \$1,500 added, is one of the big features. In addition to the money value, the winner will receive the \$500 Cincinnati Trophy.

The Latonia Jockey Club is making an effort to have its meeting begin early this season, and the Memorial Handicap, which in previous years was a Decoration Day feature, is again on the list, and will be a valuable event. The number of stakes is less than last year. The reason for this is that there is doubt as to the time of beginning and length of the meetings. If the Latonia Jockey Club could have had the assurance of the Kentucky Racing Commission that its meeting would begin the last day in May it would have opened more stakes, it is announced. The deficiency in stakes will be supplied by overnight handicaps carrying a value of \$800 or more, which will make interesting racing. Latonia Derby—For three-year-olds: \$2,500 added, of which \$600 to second, \$300 to third, and fourth to save its stake. One mile and a half.

Memorial Handicap—For three-year-olds: \$2,500 added, of which \$600 to second, \$300 to third, and fourth to save its stake. One mile and a half.

Memorial Handicap—For three-year-olds and upward; \$1,500 added, of which \$400 to second, \$200

RACING MANUAL NOW READY.

The American Racing Manual for 1912 is now ready for distribution. It is unquestionably a better book than any of its predecessors, having been enriched by the addition of new features, while at the same time all the old features are retained. This publication, which is annually in great demand among those interested in the turf, is an excellent and low-priced book of 440 pages, holding information obtainable in no other publication. It is simply a mine of records. Among its features are:

Exposition of Method for Calculating Pari-mutuel Prices, with Examples.

English Racing Records to Date.

Three Handicap Systems with Examples.

Records at All Distances of the Tracks of the United States. Canada and Mexico.

Yearling Sales of 1911.

American Racing Records at All Distances.

Australian Racing Records.

The Great Money Winners of the American and English Turf.

For Wednesday, February 14, I have a horse which has shown sufficient in private to warrant me GUARANTEEING IT TO WIN. Better still, its recent public efforts have been such that a good price is assured. Here's a chance to get in on a real good thing—for a mere song.

was my last big special

given out to all my subscribers last Thursday with the instructions to plunge to the limit. The above speed marvel was the medium of one of the greatest killings of the meeting. Throughout the country my clients and my connections backed this good thing from 30 down to 12 to 1. Information such as the above speaks for itself. My followers received a horse based on real inside information. The special preparation this one had for that race, and the results, must prove to you that I receive direct stable information.

will be brought off at Charleston. I am now in possession of information regarding what I con-sider three of the best good things ever sent out to my clients. Listen to the facts, then figure-out for yourself whether you think it will pay you to do business with me or not.

goes Thursday. February 15. For months and months some of the horsemen with whom I am connected have been quietly preparing certain horses for these big coups and it is almost certain that there are not many horsemen at Charleston who could tell you the names of these sleepers if they should come on the track. That shows that the horses I have up my sleeve are in every sense UNKNOWN.

The parties who are engineering these three coups are past masters in the business. They have operated for years and have pulled off some of the most notable deals in the history of the turf. This may sound far-fetched and overdrawn, but it is exactly as I represent. The success of this coterie is partially due to the fact that they are never in a hurry. They will wait for a year if necessary to flud the right spot. Their money has been sent to their agents throughout the country to bet on these good ones and you all know what this means.

All turf followers who yet have failed to give my racing service a trial should do so imme-diately. Subscriptions are now being received by me for this Charleston deal and time should not be wasted in getting same to me. These horses are scheduled to start as follows:

# THURSDAY, FEB. 15 SATURDAY, FEB. 17 MONDAY, FEB. 19

The horses that will be sent to the post on each of the above days have been specially preeach of the above days have been specially by pared with the utmost care to win their respetive races and I honestly think these three w prove to be the best money-makers for the subscribing. Special Terms will prevail, as a terms for the information will only be

## Five Dollars FOR THE 3 Good Things

won SATURDAY, FEBRUARY 3,

was my first special this year. It was wired to my clients the night before the race and was also sent to baily Racing Form February 2, to file as proof that I had this special before the horse was entered. Besides all telegrams were sent prepaid, as I agreed to do with eighty bettors who had sent for the "Taylor Daily Betting System" five weeks previously. This system is used for daily betting and is the result of many years of experience with racing. To become a successful bettor you must select the proper classified horses and know the way to back them. I have used this system for years with success for my personal daily betting, and it is my desire to give every bettor the best kind of a business deal. I will send out my next special early in March. Here is my agreement: On receipt of two dollars, I will mail in a plain sealed envelope a copy of my system for track, polorioom and handbook betting, and also wire my next special the first part of next month, paying the telegram charges myself.
